## ABOUT ME

With extensive experience in event management, production, and stage direction, I have led teams of up to **60 people** to deliver high-quality events and productions on time and within budget. My strong leadership and project management skills, coupled with my expertise in budgeting and scheduling, have earned me a reputation for creating engaging and memorable events that leave a lasting impact on audiences. I also have over a year of experience in web development, further expanding my skill set and ability to contribute to a wide range of projects.

## WORK EXPERIENCE

National IKAR Award

### Web development

Over the past year, I have developed front-end projects and Python programs, showcasing my ability to create user-friendly interfaces and leverage Python for automation.

### Event manager and stage director

**2017 - 2023**

I have created multiple stage projects and events, many of which received government funding, showcasing my ability to secure and manage resources while delivering successful and impactful productions.

### Event director - NEOPHARM BULGARIA

**2023**

Successfully created launch event for a top pharmacy product as event director for NEOPHARM BULGARIA.
